The best way to ensure
continued
transportation as we
age is to become
comfortable using a
variety of options.

Public transportation is accessible and
affordable in east central Kansas.

Our goals include:

Promoting Independence: Maintain
the quality of life for individuals who
live in our communities and increase
awareness and perception of
transportation services.

Building Connections - Improve the
efficiency and effectiveness of transit
service so more Kansans can be
served and increase the level of
communication, cooperation and
coordination among existing providers.

Preserving Rural Living - Allow
Kansans to stay within their current
communities and increase and
enhance the level of connectivity
between activity centers (i.e., cities,
major employers, major medical
facilities).
